Size range:	MEN's sizes = Regular (R): from 28 to 42 + Short (S): from 28 to 42 + Tall (T): from 28 to 42	

^(*) These trousers are also available in the following colour variants:
▪ **SAND**;
▪ **BLACK**.
See pictures on pages 2 and 3.

EU Type Examination Certificate

Date: 2024/12/02

n. **996244901/OE**

Validity: 2029/12/01

Technical File: **DC-19123/E**

Test report: **RCT n° 4341015/E**

Functions and performance levels: The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities.

This PPE item has reached the following performance:

Class AA(*): Class AA garments offer protection from impact and abrasion against the risks of the greatest diversity of riding activities and may have lower ergonomic and weight penalties than Class AAA garments.

(*) The Standard provides different classes of protection for garments including protectors/shells: AAA (highest class), AA (middle class) and A (lowest class); class B is for garments not including protectors / shells = just abrasion protection; class C is for impact protector ensemble garments.

NOTES: the protection provided also depends on the correct fit of the garment; the CE-Certified incorporated impact protectors provide strengthened protection and must be kept in their place: this falls within the responsibility of the user.

Marking: printed on stitched labels and displaying the following information:

- **CE Marking**;
- name, logo and full address of the Manufacturer;
- item designation;
- pictogram indicating the intended use (motorcycling), class of protection achieved, nr./year of the Standard of reference;
- pictogram instructing to read the User Manual;
- size indication;
- care/washing symbols, instructions and warnings;
- additional information: material composition, "Made in...", web site of the Manufacturer and the Notified Body in charge.
