(* This jacket is also available in the following colour variants:

- **GREY;**
- **BLUE;**
- **SAND.**

See pictures on page 3.

Note: The jacket comes with a shoulder protector pocket stowaway system allowing the total removal of the sleeves. Garments with detachable sleeves provide the intended level of protection as long as they are complete and fully fastened.

Certified protectors (according to either EN 1621-1:2012 or EN 1621-2:2014) inserted into the garment (all by Qingdao RZ-LABS Technology Co., Ltd.):

- shoulder protector: art. "**RZ-113**";
- elbow protector: art. "**RZ-112**";
- back protector (optional): art. "**RZ-137**".

Technical Standard: **EN ISO 13688:2013**
EN 17092-4:2020 Protective clothing – general requirements
Protective garments for motorcycle riders – Part 4:
Class A protective garments – Requirements

EU Type Examination Certificate

Date: 2024/12/06

n. **996244902/OE**

Validity: 2029/12/05

Intended use:	Motorcycling: preventive use – correct fitting and positioning of the inner protections are essential.
Size range:	MEN's sizes: from S to 3XL
Technical File:	DC-16797
Test report:	RCT n° 4340043/E
Functions and performance levels:	The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities. This PPE item has reached the following performance: Class A(*): Class A garments offer a minimum necessary degree of protection from impact and abrasion and are expected to have the least ergonomic and weight penalties. (*) The Standard provides different classes of protection for garments including protectors/shells: AAA (highest class), AA (middle class) and A (lowest class); class B is for garments not including protectors / shells = just abrasion protection; class C is for impact protector ensemble garments. NOTES: the protection provided also depends on the correct fit of the garment; the CE-Certified incorporated impact protectors provide strengthened protection and must be kept in their place: this falls within the responsibility of the user.
Marking:	printed on stitched labels and displaying the following information: - CE Marking; - trademark/logo of the Manufacturer; - item designation and colour information; - pictogram indicating the intended use (motorcycling), class of protection achieved, nr./year of the Standard of reference; - pictogram instructing to read the User Manual; - size indication; - care/washing symbols, instructions and warnings; - additional information: material composition and the Notified Body in charge.

EU Type-Examination issued by
RICOTEST, Verona, Italy..
